Subject: Cultural Resources Concurrence Request, Staker Parson Companies, Beef Hollow Mine (formerly Point West), M/035/0042, Salt Lake County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from Staker Parsons Companies to conduct large mining operations in Section 16, 17, 18, 19, 20 and 21 Township 4 South, Range 1 West, Salt Lake County, Utah. Enclosed with this letter are copies of the cultural resources survey report, the required cover pages, and the location map provided by the operator.

The survey for cultural resources found no significant resources were found within the area to be affected by the mine, **No historic Properties Affected**. Bighorn Archaeological Consultants, LLC has completed a cultural resource inventory and no new cultural sites were discovered. There was one isolated find and one previously recorded site (42SL646).

Accordingly, the Division of Oil, Gas and Mining has determined that there will be **No Adverse Effects** to significant cultural resources, and we seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

Paul B. Baker
Minerals Program Manager
